Report Highlights for April 30, 2016

Combined expenditures outpaced revenues for all funds by \$9,848,303 for the month ended April 30, 2016. Total revenues for the month of April were \$13,831,352 and expenditures were \$23,679,655. Year-to-date, the County has collected \$310,174,957 in revenues and expended \$275,422,222. In comparison to FY 2015, the County is 3.40% above last year's revenues and 1.52% above last year's expenditures. Additional detailed information can be found starting on page 4 of this report.

General Fund expenditures exceeded revenues by \$2,029,883 for the month ended April 30, 2016. Total revenues for the month of April were \$6,163,033 and expenditures were \$8,192,916. Revenues have outpaced expenditures by \$8,388,055 YTD through the month ended April 30, 2016. This trend is reflective of the cyclical nature of the revenue collection in the General Fund. Additional detailed information can be found starting on page 14 of this report.

Current and prior years' ad valorem taxes collected for real, personal, and public utility property for the month ended April 30, 2016 were \$206,419. Based on a three year year-to-date average for the same period, the County expected to collect \$60,979,300 YTD, however, the County has collected \$62,881,497 through April 30, 2016. The County is ahead of projections, having collected 102.29% of total budget in the current year vs. a three year average collected at this point in time of 99.20%. Additional detailed information can be found on page 17 of this report.

Current and prior years' ad valorem taxes collected for vehicles for the month ended April 30, 2016 were 617,948. Based on a three year year-to-date average through the same period, the County expected to have collected \$4,562,791, however, the County has collected \$4,960,340 through April 30, 2016. Collections are ahead of their averages due to the State of North Carolina's implementation of collecting taxes with license plate and registration renewals two year ago which has skewed the three year average. Therefore, prior years' collections are not a good comparison for this year and following years. Additional detailed information can be found on page 17 of this report.

As of April 30, 2016, the combined local option sales taxes of \$20,565,698 have been collected YTD. Based on the three year average, the County expected to have collected 56.94% of the total through the current period. The County is ahead of projections, having collected 59.58% of sales tax. Additional detailed information can be found on page 18 of this report.

Water and Wastewater expenditures exceeded revenues by \$171,397 during the month ended April 30, 2016. Total revenues were \$3,333,674 and expenditures were \$3,505,071. Water and Wastewater Fund service charges collected the month of April 30, 2016 were \$2,677,958. Based on the three-year average, the County expected to collect \$2,206,891 for the same period. The County has collected \$27,204,735 in service charges through April 30, 2016 or roughly 81.91% of budget. Based on the three-year average through the same month, the County should have collected approximately \$24,415,655 or 73.51% of projected budget. Additional detailed information can be found on page 22 of this report.

Revenue for the Solid Waste Fund was \$402,958 for the month of April 30, 2016 and totals \$3,864,966 or 100.42% of projected budget year to date. The County is ahead of projections, having collected 19.22% more than the trend amount year to date. Additional detailed information can be found on page 24 of this report.

Investment Highlights and Economic Analysis

Background

The investment policy applies to the investment of short-term operating funds. It is the general policy of Union County to commingle all available aforementioned cash into a common investment portfolio with interest and/or investment earnings allocated to the various funds on a pro-rata basis. Specifically exempted from this policy are Social Services and Jail Inmate Fund trust accounts, (whereby Union County serves as the trustee for assets belonging to others), OPEB Funds that are held in the State Treasurers Trust Fund, and bond and/or note proceeds. Regulations established by the Internal Revenue Service require local governments to exercise special treatment in the investment of bond and/or note proceeds, including the implementation of procedures designed to separately track investment earnings on the bonds and/or note proceeds for arbitrage and rebate calculations.

The primary objectives, in priority order, of the County's investment activities shall be: Safety, Liquidity, and Yield. With these priorities as the basis, the standard of prudence used by investment officials is the "prudent person" standard and is applied in the context of managing an overall portfolio.

Authority to manage the investment program is granted to the Finance Officer and is derived from G.S. 159-30.

The County purchases permitted investments through the approved "Broker/Dealer" list, in accordance with the internal control framework. Internal Controls are established through the investment policy.

Permitted investments are those which are qualified under Section 159-30 of the General Statutes of North Carolina, as amended from time to time.

Current Economic Conditions

1. North Carolina's statewide unemployment rate seasonally adjusted was 5.4 percent in March. Over the month, the unemployment rate (not seasonally adjusted) decreased in

all 100 counties. The attached map indicates the unemployment rates in each county as of March 2016.¹

Union County's unemployment rate was 4.6 percent in March 2016. This was a decrease of 0.3 percent from February's revised rate of 4.9 percent and a decrease of .01 from March 2015. The County's unemployment rate is below the State's 5.4 percent rate (not seasonally adjusted).

2. The Conference Board, a New York based private research group, announced Tuesday, April 26th, 2016 that its Consumer Confidence Index which had increased in March, declined moderately in April. The Index now stands at 94.2 (1985=100), down from 96.1 in March. The Present Situation Index increased from 114.9 to 116.4, while the Expectations Index decreased from 83.6 to 79.3 in April. The Conference Board also announced on Monday, May 9th, 2016, that it's, Employment Trends Index increased in April, after decreasing in March. The index now stands at 128.28, up from 126.42 in March. The change represents a 1.4 percent gain in the ETI compared to a year ago.²
3. Union County's housing data is also starting to show signs of economic improvements compared to prior years. For July 2015 thru April 2016 there were 501 commercial permits and 3,068 residential permits issued for a total of 3,569 building permits issued county-wide, compared to July 2014 thru April 2015 with total permits of 2,989; showing a 19.40 percent increase.³

¹ NC Department of Commerce – NC County Labor Market Conditions, News Release. This report can be found at:

<http://www.nccommerce.com/news/press-releases>

² Additional information concerning The Conference Board and the ETI can be found at www.conference-board.org

³ The County's data includes permits issued by Union County, City of Monroe, and the Town of Waxhaw.

National housing data continues to show improvement compared to 2015. Concerning building permits, "Privately-owned housing units authorized by building permits in April were at a seasonally adjusted annual rate of 1,116,000. This is 3.6 percent ($\pm 1.3\%$) above the revised March rate of 1,077,000, but is 5.3 percent ($\pm 1.3\%$) below the April 2015 estimate. Single-family authorizations in April were at a rate of 736,000; this is 1.5 percent ($\pm 0.8\%$) above the revised March figure of 725,000. Authorizations of units in buildings with five units or more were at a rate of 348,000 in April."

"Privately-owned housing starts in April were at a seasonally adjusted annual rate of 1,172,000. This is 6.6 percent ($\pm 10.2\%$) above the revised March estimate of 1,099,000, but is 1.7 percent ($\pm 10.1\%$) below the April 2015 rate of 1,192,000. Single-family housing starts in April were at a rate of 778,000; this is 3.3 percent ($\pm 12.1\%$) above the revised March figure of 753,000. The April rate for units in buildings with five units or more was 373,000."⁴

National housing data represents an indicator or overall economic health, as well as an indicator of the mind of the consumer. Increases nationally and locally in permits and starts demonstrate positive growth, which in turn leads to growth in other sections. These indices have market impact as investors watch to attempt to forecast the economic future, thus moving markets higher or lower.

Current Portfolio at a Glance

Given the economic uncertainty, we believe it is prudent to continue to maintain a relatively short position in our cash flow portfolio. At this point, locking into any longer term investments would yield minimal, if any, incremental interest rate yields.

For the months of July 2015 – April 2016, on the invested securities the County owns, the County has earned \$1,196,037 in interest. The OPEB STIF account for FY 2016 has an unrealized loss of \$301,558. The County's total net investment earnings for FY 2016 are \$894,479.

⁴ Mayo, Raemeka or Cooper, Stephen, et Al., "New Residential Construction in April 2016", US Census Bureau News Joint Release U.S. Department of Housing and Urban Development, May 17, 2016.

In our Optimizer 1-3 and Optimizer 3-5 portfolios we will continue to rebalance our investment securities on a monthly basis to mirror the Merrill Lynch 1-3 and 3-5 Agency Bullet Indexes. The Merrill Lynch 1-3 and 3-5 Agency Bullet Indexes are ranked amongst the top ten bond mutual funds in the United States.

The Government Finance Officers Association Best Practice recommends using benchmarks to assess portfolio risk and return. Further recommended is to assess our portfolio performance and risk by comparing the total return of the portfolio to selected benchmarks. Union County has been doing this recommended practice for over a decade with our Optimizer Portfolios.

The attached graphs represent the amounts that are held within each portfolio and the breakdown of our portfolio by security type of investments as of March 31, 2016 compared to April 30, 2016. The increase in the Revenue Bond portion of the County's Investment Portfolio is attributable to the issuance of Revenue Bonds in the month of December 2015. The bond proceeds were \$24 Million.

As the pie charts attached indicate, we are in compliance with the North Carolina General Statute 159-30.

General Fund Report Highlights

General Fund cash flows perform similarly to the combined funds chart seen on page 4. This is a result of the impact of ad valorem tax collections making up the largest part of the County-wide and General Fund budgeted revenues.

The General Fund is approximately \$2.53 million behind the same point last year in terms of revenue collections through April 30th. This is primarily due to revenue collections being broken out between the General Fund and two additional general budgetary funds in FY 2016. These two funds have a combined budget of \$7.8MM and are not reported within the General Fund here.

Also, the General Fund is approximately \$11.70 million behind the same point last year in terms of expenditures through April 30th. Again, this is primarily due to the break out between the General Fund and two additional general budgetary funds in FY 2016. This separation in spending caused a decline of \$5.21 million year over year in contracts, grants and subsidies. These payments to Emergency Medical Services (EMS/ambulance) and fire departments are now reflected in the EMS Budgetary Fund and the Fire Budgetary Fund. There is also a \$10.09 million decline in interfund transfers year over year at this point in time, primarily due to higher one-time pay go capital contributions for the general capital projects in FY 2015.

Combined Local Option Sales Taxes pursuant to North Carolina General Statutes Articles 39, 40 and 42 is up 2.64% over prior years' average to date.

Fiscal year ending 2011 was the bottom of the bell curve for local option sales tax revenues, and given sales tax yielded over 20% of the General Fund revenue in FY 2015, we would expect this to continue increasing as the economy improves.

The Local Option Sales Tax is shown on a 3 month delay. For example: retail sales that occur in July, are reported to the State in August, State distribution calculations occur during September, and local option sales tax distributions are sent to counties and municipalities during October. By the State Treasurer's accounting requirements, the local option sales taxes from sales that occur in April, May and June, which are distributed to counties and municipalities in July, August and September, must be accrued to or accounted for during the month of June of each fiscal year.

By State Statute, 30% of Article 40 and 60% of Article 42 must be spent on school capital outlay or debt service for school capital outlay. These percentages of the local option sales taxes are currently all used by the County to pay a portion of the school facilities debt service.

Revenues are up 24% from the same point in FY 2015, while expenditures have increased by roughly 17.4%. Net Revenues are now 53.2% higher than the same period last year. Much of this is due to a dryer and hotter than normal summer, driving the demand for water.

In comparison to FY 2015, the current fiscal year is off to a much better start. Through the first ten months last year the Water and Wastewater Fund had a \$5.22 million positive cash flow, compared to the current year with a \$7.99 million positive cash flow.

The dry spring in 2015 helped elevate water sales, and allowed the fund to finish the year off strong. In FY 2016 a hot and dry summer has increased the need for irrigation and the fund's trend benefitted from the increase in water sales. Positive cash flow during the beginning of the year is necessary to support debt service principal payments at the end of the year, in the months of April and June.

Additionally, the fund implemented the second of a three phase of rate increases approved and adopted in June 2014 and take effect each July through FY 2017.

Schools Budgetary Fund Report Highlights

The School Budgetary Fund is a new fund, in its second fiscal year, and will typically be negative over the first several months as a result of revenues derived from ad valorem property taxes that are collected in earnest starting in October.

We expect this fund to close the fiscal deficit by November each year. Until then, funds on hand are used to pay for the expenditures to the Local Education Agency, which are broken into 12 equal monthly installments. Furthermore, it is expected that the fund will run a monthly deficit starting in February as a result of the slow down in ad valorem tax collection payments.

UCPS Narrative

The FY 2015-2016 Union County Public Schools (UCPS) Operating and Capital Budget Monthly Reports are compiled from data provided by UCPS's Chief Finance Officer to the County and includes transactions, personnel counts, and membership (student counts) for and through the month ending April 30th, 2016. Transactional data is summarized using categories provided by UCPS utilizing the North Carolina Department of Public Instruction's (NC DPI) uniform chart of accounts (also referred to by NC DPI as the standard chart of accounts).

The All Funds Summary Report provides an overall summary of sources and uses of funds, by category, for seven UCPS funds. This summary report is followed by an All Funds Detail report with sources and uses provided in more detail. These two summary reports are then followed by individual fund reports for seven of UCPS's funds including: the State Public School Fund, Local General Fund (aka General Fund or Local Current Expense Fund), Federal Grants Fund, Capital Outlay Fund, Child Nutrition Fund (aka School Food Service Fund), After School Program Fund (aka Child Care Fund or After School Care Fund), and Other Specific Revenue Fund (aka Other Special Revenue Fund). There is an eighth fund, the Individual Schools Fund, which is not presented in the monthly reports.

The purpose for each of these funds, as provided in the Union County Board of Education's Financial Statements for the year ended June 30, 2014, is as follows:

- Major governmental funds:

 - Fund 1 - State Public School Fund. The State Public School Fund includes appropriations from the Department of Public Instruction for the current operating expenditures of the public school system.
 - Individual Schools Fund. The Individual Schools Fund includes revenues and expenditures of the activity funds of the individual schools. The primary revenue sources include funds held on the behalf of various clubs and organizations, receipts from athletic events, and proceeds from various fund raising activities. The primary expenditures are for athletic teams, club programs, activity buses, and instructional needs.

Capital projects are funded by Union County appropriations, restricted sales tax moneys, proceeds of Union County bonds issued for public school construction, as well as certain State assistance.
 - Fund 8 - Other Special Revenue Fund. The Other Special Revenue Fund is used to account for revenues from reimbursements (including indirect costs), fees for actual costs, tuition, sales tax refunds, gifts and grants restricted as to use, trust funds, federal grants restricted as to use, federal appropriations made directly to local school administrative units, funds received from prekindergarten programs and other special programs.
- Non-major governmental funds:
 - Fund 3 - Federal Grants Fund. The Board [of Education] has established other funds to control and manage money for a particular purpose or to show that it is properly using certain revenues, such as in the Federal Grants Fund.
- Major enterprise funds:
 - Fund 5 - School Food Service Fund. The School Food Service Fund is used to account for the food service program within the school system.

Notes:

- (1) UCPS has an internal guideline for maximizing the use of state and federal funds prior to using local funds. The State allocates funds by position or dollars. Once these positions or dollars are exhausted, positions that are initially charged to the state fund will ultimately be charged to federal or local funds in future months.
- (2) The report includes some federally funded employees that are currently being funded with state and local dollars until federal grant allotments are released from the Department of Public Instruction. The number of positions funded from state and local allocations will change as federal grant funds are received.
- (3) On an ongoing basis, position vacancies are posted at <http://www.applitrack.com/ucps/onlineapp/> that will affect numbers on future reports. In addition, attrition and other positions that are in process of being hired will impact counts on future reports.

Notes:

- (1) UCPS has an internal guideline for maximizing the use of state and federal funds prior to using local funds. The State allocates funds by position or dollars. Once these positions or dollars are exhausted, positions that are initially charged to the state fund will ultimately be charged to federal or local funds in future months.
- (2) The report includes some federally funded employees that are currently being funded with state and local dollars until federal grant allotments are released from the Department of Public Instruction. The number of positions funded from state and local allocations will change as federal grant funds are received.
- (3) On an ongoing basis, position vacancies are posted at <http://www.applitrack.com/ucps/onlineapp/> that will affect numbers on future reports. In addition, attrition and other positions that are in process of being hired will impact counts on future reports.
